IT'S YOUR BUSINESS.

Help take weight
off your shoulders
and put more
on your cattle.

Having an implant strategy can turn a good year into a great year. Use Revalor® cattle implants to help increase the rate of weight gain and improve feed efficiency for your cattle.* With options for delayed and extended release, make them a part of your plan for success.

Talk to your veterinarian to determine whether Revalor® cattle implants are suitable for your herd.

**Results may vary in individual animals.*

IT'S YOUR BUSINESS.

Breathe easy
knowing your
cattle have
received
protection.

Bovine respiratory diseases don't take a day off—choose a vaccine solution that helps go the distance. Get the broadest coverage against viral and bacterial pathogens linked with respiratory disease in a single shot from Vista® Once SQ.*

Talk to your veterinarian to determine whether Vista® Once SQ is suitable for your herd.

**Always read and follow the label instructions to ensure this product is suitable for the animal to be vaccinated. Vaccination may not protect every animal that gets vaccinated.*
